

# Drawing

name : \_\_\_\_\_

😊 Let's fill my own magical jar.

If you had a **magic jar** that doubled anything,  
what would you want to put inside?  
Draw it inside the balloon.

# Learning about Different Types of Rocks

Alphabet :

😊 Let's learn about different types of stones by looking at the pictures.

**모래** Morae (Sand): Small broken fragments of stone, fine like powder, usually found along coastlines.

**모** **래** 모 래 모 래

**조약돌** Joyakdol (Pebble): Small, round stones, typically found by riversides or in valleys.

**조** **약** **돌** 조 약 돌

**돌멩이** Dolmengi (Stone): Larger than pebbles but smaller than rocks.

**돌** **멩** **이** 돌 멩 이

**돌덩이** Doldeongi (Rock): Larger than a stone but smaller than a boulder.

**돌** **덩** **이** 돌 덩 이

**바위** Bawi (Boulder): A very large rock, also called a mineral rock.

**바** **위** 바 위 바 위
